Previous Owners	N/A
Registration	WK68FKE

Description

The 500L is FIAT's answer to providing practical family transport for buyers who don't need a large MPV, but have outgrown a conventional supermini. Equipment levels are strong, and the interior is bright and airy. The raised seating position and light controls make it a breeze around town, while the soft suspension set-up delivers a comfortable ride on longer journeys. The styling mimics that from the FIAT 500 and has nice curvy lines with cute little touches such as the circular headlamps. Inside these references continue with an easy layout and simple to use controls. If practicality is required but you still want something chic with Italian flare this is the logical choice. Our Fiat 500L comes complete with a full Vospers service history and only has one previous owner. Contact us today for more information.
